They spent \$4.47 billion to persuade customers to avail of their business offers.Step 1: Background of the CompanyAt first, before you proceed with the annual marketing plan, you must give a bit of background as to what your company is all about. Explain what your business does and what its plans are in terms of expansion or sales.Step 2: Goals and ObjectivesAfter giving the company introduction, write down its goals and objectives. Mention its vision and mission statements. This can be providing quality products to customers or to increase the sales of products and so on.Step 3: Analysis of the MarketNext, analyze the market analysis in which your business is associated. This involves gathering data by researching so that it can help in the decision-making concerning the current affairs of your business.Step 4: Competitor AnalysisTake a look at your competitors and what shares they hold in the market. Simple Note down what it is about their business that makes it different from yours as well as the other competitors. List at least five or more names so that you can compare them. You can make use of annual plan templates in Word for that purpose.Step 5: SWOT AnalysisConduct a SWOT analysis, which is nothing but the strengths, weaknesses, opportunities, and threats of your business. Doing so can improve the success of your business. Carefully analyze and note down every aspect of these four factors.Step 6: Marketing FocusThe marketing focus should mainly focus on the products of the company. The cost of production, the selling price, the products sold, etc., should be entered.Step 7: Marketing BudgetWhen you come up with an action plan, you must write down the simple budget for it. The budget information is needed so that the manpower, resources, materials, and other things related to your business can be taken care of.If you are a startup and do not have any printable plans in-store, then now is the time to brainstorm, analyze and get the plan set right. Set goals that set you apart from the herd of your competitors. The first tip is to avoid procrastination. No matter how specific, measurable, achievable, and realistic they are in your mind, your marketing tactics have no guarantee unless you put them on board. Making a concrete Marketing plan outline is the first step in the MDLC (Marketing Development Life Cycle). Yes, we have MDLC just like the SDLC and DDLC. You can see also event marketing plan templates.There is no rule to create a marketing plan format that can bring marketing objectives, strategies, and tactics under one umbrella (even a marketing mix is also allowed). One needs to do his/her homework first to understand what the market is all about. Also, the plans should be measurable to prevent vagueness.The world is changing rapidly, yet learning so slowly. Opinions about the issues of the large organization are easy to address in a marketing plan, especially if you are the CEO of the company. Otherwise, you should remember that all your plans should be conveyed to the plan management more convincingly.If you are working on a marketing plan for your company and are tired of making the right one, then you can check out the marketing plan templates that are available online.
